

# Water Less®

## Less Watering – More Customer Benefits

### More operating time – Longer topping up intervals

Hawker Water Less® is a new efficient traction battery with state-of-the-art technology and appealing features. Most of all: Water Less provides more flexibility and more time thanks to longer topping up intervals of 4, 8 or 13 weeks depending on charging technology.

#### More Customer Benefits:

- Reduced maintenance – more savings
- 50 Hz and HF chargers – more flexibility
- Proven PzS – more options
- Full DIN range, 3 BS sizes – more dimension
- Applications – more duties

Water Less – Less is More
